### **Full-day Dolphin and Snorkel Adventure from Lahaina to Lanai, Maui, HI**

The trip begins in the famous Lahaina Harbor, boarding conveniently from Pier One, across from the Pioneer Inn. Start the day of right with Hawaiian Music, eggs, ham, cinnamon rolls, donuts, coffee, fruit and juice.

A comfortable ride, a professional captain and crew, and the chance to learn about this slice of Hawaii are just a few of the reasons this tour makes for an ideal day out on the waters of Lanai. The boat experience to the snorkeling destination is like non-other aboard the famous Quicksilver, and the journey is a great opportunity to relax, listen to music, and observe Maui, Lanai, Molokai and Kahoolawe--each an independent Hawaiian Island.

Once you arrive at the first destination on the Lanai coastline, use the provided snorkeling equipment to explore the underwater world, and take advantage of the water slide for more fun, especially to entertain kids.

A crew member is in the water at all times watching over the snorkelers and lending any assistance, if needed. You can also take a peek at the reef without getting in the water via the glass-bottom viewing area.

Breakfast, lunch, snacks, soda, and juice are all included! Some of the amenities include a water slide, a shady upper deck, two freshwater showers, glass bottom viewing windows, quality snorkeling gear, flotation devices, two restrooms and plenty of Jimmy Buffet music. You may rent a wetsuit or underwater digital camera at your own expense.

On the way back, enjoy a spectacular view of the West Maui Mountains and coastline while enjoying an adult beverage and Quicksilver Crew Trivia. This a truly special trip that very few get to experience.
